The Federal Home Loan Bank of Indianapolis (FHLBI) is one of 12 regional banks that make up the Federal Home Loan Bank System. FHLBanks are government-sponsored enterprises created by Congress to ensure access to low-cost funding for their member financial institutions. FHLBanks are privately capitalized and funded, and receive no Congressional appropriations. The FHLBI is owned by its financial institution members, which include commercial banks, credit unions, insurance companies, and savings banks headquartered in Indiana and Michigan.
