1. Your Responsibilities to the Bank

The Federal Home Loan Bank of Indianapolis (“Bank”) expects each Employee, Director and member of the Affordable Housing Advisory Council to maintain the highest standards of honesty, integrity, impartiality and conduct at all times. The Employees, Directors and Affordable Housing Advisory Council (“Advisory Council”) members are expected to conduct themselves so as to avoid any activity that gives the appearance of, has the potential to compromise, or actually compromises, their duties and responsibilities to the Bank. This is essential because of the unique role of the Bank in serving public policy as a Government-Sponsored Enterprise, as well as the Bank’s fundamental responsibility to its customers and shareholders. As such, you have a duty of both care and loyalty to the Bank.

You are expected to constantly exercise individual judgment as to whether your actions, both on and off the job, will meet these standards when viewed through the eyes of the law, the Federal Housing Finance Agency, our Members and the general public.

You have the obligation to avoid any action, whether or not specifically prohibited by law, regulation, policy or by this Code of Conduct, which might result in using a Bank position for private gain, giving preferential treatment to any organization or person, losing complete independence or impartiality, making decisions outside official channels, or adversely affecting the confidence of the public in the integrity of the Bank or the Federal Home Loan Bank System.

There are numerous federal, state and local laws that apply to the Federal Home Loan Bank of Indianapolis, including but not limited to the regulations and policies of the Securities and Exchange Commission (“SEC”), the Financial Crimes Enforcement Network (“FinCEN”), and the Federal Housing Finance Agency (“FHFA”). You are expected to conduct all business dealings according to these laws. Violating any of them could subject you or the Bank to criminal and civil penalties. If you have questions about any laws or how they apply to particular situations ask your supervisor or consult with the Bank’s General Counsel and Chief Compliance Officer, the Chief Administrative Officer, or any Ethics Officer that may be appointed from time to time, hereinafter referenced in this Code of Conduct as the Ethics Officer(s).

You are responsible for being familiar with and complying with the Code of Conduct and all of its provisions. Any violation of the Code of Conduct will be cause for corrective action, including, without limitation, Director or Advisory Council disqualification, changes in assigned duties, divestment of a conflicting Financial Interest, verbal or written warnings or termination of employment. These actions may be in addition to any penalty or sanction prescribed by law.

You are responsible for being familiar with and complying with all Bank policies that are applicable to you and your duties, including but not limited to the Disclosure Policy, the Anti-Fraud Policy, the Policy Prohibiting Insider Trading of Securities, and the Whistle-

Blower Policy. You are expected to conduct Bank business in compliance with all policies. Policy violations could subject you to disciplinary actions within the judgment of senior management, up to and including termination. If you have any questions about these requirements, please contact your supervisor.

2. Code of Conduct Interpretation

The provisions set forth in the Code of Conduct are intended to be interpreted and applied under a reasonableness standard. If you have any questions as to how a certain provision applies to a specific set of facts, contact an Ethics Officer for an opinion as to the application of the provision(s) in question.

3. Scope

The Code of Conduct applies to all Employees, Officers, including senior and principal officers, Directors, and Advisory Council members of the Federal Home Loan Bank of Indianapolis.

The Federal Housing Finance Agency has adopted regulations governing the responsibility and eligibility of both Independent Directors (including Public Interest Directors) and Member Directors. Directors will timely execute and supplement the director eligibility certification as prescribed by the Federal Housing Finance Agency. However, those rules do not fully address all of the issues that are the subject of the Code of Conduct. Therefore, those provisions of the Code of Conduct dealing with issues not addressed by the FHFA regulations are hereby made applicable to the Directors of the Bank.

The provisions of the Code of Conduct that address issues that could arise in connection with the limited activities of the Advisory Council are hereby made applicable to the members of the Advisory Council.

4. Effective Date and Amendments

This revised version of the Code of Conduct is effective March 17, 2016, and may be amended at any time at the discretion of the Bank's Board of Directors.

5. Distribution, Training and Verification of Receipt

A copy of the Code of Conduct and any future amendments will be provided to each Employee as part of the routine updating of the Bank's Employee Handbook. A copy will be provided to each new Employee within 10 days of their date of employment. Each Employee is required to annually acknowledge receipt of, and agree to comply with, the requirements of the Code of Conduct. Staff training on the Code of Conduct will be done annually. The Code of Conduct and the Employee Handbook will be made available electronically to staff.

All Directors will be provided a copy of the Code of Conduct and any amendments thereto as part of their Board of Directors' Orientation, and will sign an acknowledgement annually

of their receipt of an agreement to comply with, the Code of Conduct. Affordable Housing Advisory Council members will be provided a copy of the Code of Conduct and any future amendments thereto, and will sign an acknowledgement annually of their receipt of an agreement to comply with, the Code of Conduct. Director and Advisory Council training will be conducted annually.

6. Definitions

For purposes of the Code of Conduct, the following definitions apply:

Affordable Housing Advisory Council – The group of individuals appointed by the Board of Directors of the Bank pursuant to § 10(j)(11) of the Federal Home Loan Bank Act.

Ethics Officer(s) – The Bank’s Deputy General Counsel, the Director of Human Resources, and such other officers as may be designated by the Board of Directors from time to time.

Financial Interest – The ownership or control, directly or indirectly, of

- Any activity, transaction, property or relationship that involves receiving or providing something of monetary value and includes, but is not limited to, any right, contractual or otherwise, to the payment of money, whether contingent or fixed;
- Any shares of common, preferred capital stock or other equity security; and
- Any debt security or obligation, including subordinated debt; but
- It does not include a deposit or savings account maintained with a Member or member of another Federal Home Loan Bank, nor does it include a loan or extension of credit obtained from a Member or a member of another Federal Home Loan Bank if the loan or extension of credit obtained is in the normal course of business on terms generally available to the public.

A Financial Interest of your Immediate Family Member or your Related Interest is considered your interest unless the interest is solely the Financial Interest and responsibility of your Immediate Family Member or your Related Interest, and you have no control over it. Additionally, the Financial Interest may not in any way, past or present, be derived from your income, assets or activities, and you may neither derive, nor expect to derive, any financial or economic benefit from the Financial Interest.

Financial Relationship – A Financial Relationship means loans, deposits and other relationships or activities with Members involving you, your Immediate Family Members and your Related Interests.

Immediate Family Member – Your parent, spouse, sibling, dependent or any other individual related by blood, marriage or adoption (including adult children) residing in your household and includes their Related Interest. This definition is expanded for the purposes of the Bank’s hiring of relatives as discussed in Section 20 and participation in Affordable Housing/Community Investment Projects as discussed in Section 22. This definition is narrowed to include only your spouse and minor children (excluding adult children) when considering the ownership attribution rules for debt or equity applicable to independent directors as discussed in Section 8 of this Code of Conduct.

Member – An institution admitted to membership in the Federal Home Loan Bank of Indianapolis. This includes subsidiaries, holding companies or affiliates of a Member. It also includes non-member mortgagees of the Federal Home Loan Bank of Indianapolis. Institutions, which have no affiliate Members in the Indianapolis Bank district, and which are members in other Federal Home Loan Bank districts, are excluded from this definition.

Person – An individual or Company.

Personal Entertainment - As discussed in Sections 7(C) and 9, Personal Entertainment, including, but not limited to, sporting events, theater tickets, trips, golf or other personal recreation provided by a Member or Vendor of the Bank to Employees, Directors, Advisory Council Members, Immediate Family Members or Related Interest in excess of \$500 per individual per Vendor, as measured within a calendar year, are prohibited. Any Personal Entertainment provided to Employees, Directors or Advisory Council Members in excess of the annual \$500 per individual per Vendor limit shall be immediately reported in writing to an Ethics Officer and appropriate corrective action shall be taken.

Personal Entertainment limits do not apply to Board of Director pre-scheduled Board meetings, Bank marketing events to which Directors are invited, or to marketing efforts to existing or prospective Members, or to Personal Entertainment provided by the Member of which the Director serves as a director or officer.

Personal Information – As discussed in Section 12 of the Code, Personal Information is defined as an individual's first name/initial and last name linked to any one of the following: Social Security number, driver's license number, state identification card number, credit card number, financial account number, or debit card number (including access code or password).

Related Interest – A Company Controlled by a Person.

Substantial Gift – One or more gifts provided by a Member or Vendor within the calendar year with a total face value in excess of \$300 to a Director, an Employee, Advisory Council member, or to an Immediate Family Member or Related Interest shall be defined as a Substantial Gift and shall be prohibited. Cash gifts are prohibited regardless of value with the exception of Vendor raffles discussed below. Customary educational business seminars are permitted and are not defined as Substantial Gifts, unless the cost of which is in excess of what is considered reasonable, customary and accepted business practice. Other items or services for which the person pays less than face value shall be considered a Substantial Gift and shall be prohibited. A Vendor promotion offered to all; for example, a Vendor raffle with a cash award is not a Substantial Gift. The purchase of an asset containing an option or agreement to have a Vendor or third-party repurchase the asset at a higher price is defined as a Substantial Gift and shall be prohibited.

Any Substantial Gift received in excess of \$300 per Director, Employee, or Advisory Council Member from a Vendor or Member in excess of the annual limit shall be immediately disclosed in writing to an Ethics Officer and appropriate corrective action will be taken. The Substantial Gift limit does not apply to a Director who receives the Substantial Gift from the Member institution of which the Director serves as a director or officer.

Vendor – A Person, Company or supplier that is, or is seeking to, provide the Bank with goods or services, including a Member.

7. Employee Gifts, Loans and Entertainment

A. Received By Employees

Except as provided later in this section, an Employee may not solicit or knowingly accept, directly or indirectly, any Substantial Gift, Personal Entertainment, gratuity, favor, honorarium, entertainment or any other thing of monetary value from a Member, Vendor, or from a Person who:

- Has, or is seeking to obtain, a contractual, other business or financial relationship with the Bank;
- Has interests that may be substantially affected by the performance or non-performance of the Employee's official duties; or
- Is an officer, director, controlling shareholder, employee or agent of a Member; of a Company that is a controlling shareholder of a Member; or of a trade organization comprised of Members that represents financial services, credit needs, housing or financial consumer protection.

Subject to the Substantial Gift or Personal Entertainment limits, Employees are permitted to accept things of monetary value, provided that the things of monetary value are:

- motivated by obvious family or personal relationships rather than the business of the persons concerned;
- unsolicited advertising or promotional materials, such as pens, pencils, note pads, calendars, seasonal gifts of nominal value or other items of nominal value;
- food and entertainment of nominal value accepted on infrequent occasions in the ordinary course of a conference, meeting or other working session where such things are incidental to the activity performed;

- scheduled lunch or dinner with Vendors, including spouses, as long as the invitation is extended by the Vendor, and are not to be solicited by the Employee;
- day outings such as sporting events, golf, tennis, fishing or hunting, are acceptable, and are not to be solicited by the Employee;
- overnight outings are acceptable under the condition that individuals from either other companies or the Vendor are in attendance and there is an educational or business component, and these events are not to be solicited by the Employee;
- non-cash honoraria below the Substantial Gift limits where the gift is intended as a token of appreciation for the Employee's willingness to speak before the group; or
- Financial Interests or Financial Relationships not otherwise prohibited under this Section.

An Employee may not accept cash honoraria or similar fees and payments, which are given for publication, speeches, or lectures, based on Bank duties or employment. The Employee must forward such cash compensation to the Bank if received. Expenses of travel, lodging and meals incurred while on Bank business must be paid for or reimbursed by the Bank according to the Bank's Travel Policy. An Employee may not accept payment or reimbursement for these expenses from any private source, unless it is below the Substantial Gift or Personal Entertainment limits and is provided on infrequent occasions in the ordinary course of a Vendor promotion, a conference, meeting, or other working session that is customarily provided to other clients or participants.

B. Gifts and Entertainment Provided By Employees

Entertainment and gifts used to promote Bank products and services are permitted, if authorized by senior management and generally offered in a Bank promotion or sales strategy targeted to certain customer sectors. An Employee may not give, offer, or provide any Substantial Gift or Personal Entertainment to an officer, director, employee, agent, or attorney of a Member (or institution eligible for membership) unless it is pre-authorized by senior management. Excessive entertainment or gifts targeted to just one individual are not permitted, unless otherwise disclosed to and pre-approved by the Bank's Ethics Officers and the appropriate senior manager. When making this determination, the context behind the individual gift and entertainment will be considered, and whether it provides the appearance or an actual conflict of interest. In no case will the acceptance of the gift or entertainment be allowed if it places the Bank's integrity or the recipient's business decision making into question.

Employees shall not provide gifts or any business entertainment, including the buying of meals (regardless of value) to any federal banking examiner or other Executive branch official, including the Federal Housing Finance Agency directors and staff.

C. Monitoring Of Gifts and Reporting of Entertainment Provided to Employees

It is the responsibility of the individual receiving or giving items under this Section of the Code to self-report to the Ethics Officers questions, issues or potential violations under the Code. Bank managers should, as practical, monitor for Code compliance.

Any Substantial Gift received in excess of the \$300 per Employee annual limit from a Vendor shall be immediately disclosed in writing to an Ethics Officer and appropriate corrective action shall be taken. Any Personal Entertainment provided to an Employee in excess of the annual \$500 per Vendor limit shall be immediately reported in writing to an Ethics Officer and appropriate corrective action shall be taken.

8. Federal Housing Finance Agency Regulation § 1261.5, 1261.7, 1261.10-12 Director Conflict of Interest Policy Directives and Disclosures

The Directors shall administer the affairs of the Bank fairly and impartially without discrimination in favor of or against any Member.

- Independent directors must reside in the district.
- An independent director cannot serve as an officer of any FHLBank and cannot serve as an officer, employee, or director of any FHLBank member institution (or its “one bank” holding company or subsidiary). An independent director may serve as a director or employee of a Bank member’s holding company, if the Indianapolis Bank member represents less than 35 percent of combined holding company assets.
- Independent directors cannot own debt or equity securities or have other financial interests in an Indianapolis Bank member or its “one bank” holding company. If the Indianapolis Bank member is less than 35 percent of the assets of an Indianapolis Bank member’s holding company, then stock ownership in the holding company is permitted.
- Each Public Interest director must have four years or more experience representing community or consumer interests in banking services, credit needs, housing or consumer financial protection.
- Member directors must be employed by or serve as a director of a Bank Member that is located in the voting state to be represented by that director, which was a member of the Bank as of the record date. That member institution must meet all applicable minimum regulatory capital requirements. If these are not met, a director is immediately disqualified. If a director suspects his or her financial institution no longer meets its

regulatory capital requirement, the director should immediately advise the Bank of this fact.

- Throughout the year, a director shall have 30 days from the date he or she knows (or should have known) of an event which could potentially result in disqualification (12 C.F.R. §1261.12) to file a report with the Bank. Independent directors must also inform the Finance Agency in writing at the same time.
- Investment accounts – Debt or equity securities an independent director owns through an account managed by an investment adviser registered under the Investment Advisers Act of 1940 (15 U.S.C. 80b-1 *et seq.*), for which the director pays a fee for advisory services and with respect to which the director has given the investment adviser complete investment discretion to buy and sell all securities in the account, are not deemed to be shares or other financial interest in a member if the director is not affiliated with the investment adviser and has no control over the selection of securities acquired for the account.
- Loans and deposits – Loans obtained from a member and money placed on deposit with a member are not deemed to be a financial interest in a member if the transactions occur in the normal course of business of the member and are on terms that are no more favorable than those that would be available under like circumstances to members of the public.

Under this Code of Conduct, attribution of debt or equity ownership to the independent director will be applied to any debt or equity owned by the director's spouse or minor children.

A Director shall not use his or her official position as a Director for personal gain. An independent director may not have consulting or other contractual relationship with an Indianapolis Bank member, including spouse or minor children. Member directors may have employment or consulting contracts with Indianapolis Bank members without restriction.

A Director shall promptly disclose to the board at the next regularly scheduled meeting (or if appropriate the board comprised of disinterested directors) any actual or apparent conflict of interest. Such disclosure should be made before the board takes action on the matter. Any director questions regarding director qualifications, disclosures or possible conflicts (whether direct or indirect) should be made to the Bank's General Counsel and Chief Compliance Officer and any material request and the outcome should be reflected in the board minutes.

For any matter to be considered by the Board of Directors in which another person or entity does, or proposes to do business with the Bank, a Director shall disclose to the Board of Directors any personal Financial Interest that he or she has in the matter being considered, as well as any Financial Interest known to the Director of any Immediate Family Member or Business Associate of the Director. A Director shall fully disclose the nature of his or her interest in the matter and shall provide to the Board of Directors any information requested

to aid in its consideration of the Director's interest. A Director shall refrain from considering or voting on any issue in which the Director, any Immediate Family Member or any Business Associate has a Financial Interest.

Directors shall not disclose or use confidential information received by them solely by reason of their position with the Bank to obtain a Financial Interest for themselves or for any other person. Each Director shall abide by the Policy Prohibiting Insider Trading of Securities as described in Section 14 and as attached as Exhibit B to this Code of Conduct.

Directors shall not accept, and shall prohibit their Immediate Family Members from accepting, any Substantial Gift or Personal Entertainment if the Director has reason to believe that the gift is given in order to influence the Director's actions as a member of the Bank's Board of Directors, or if acceptance of such gift gives the appearance of influencing the Director's actions as a member of the Board. Any Substantial Gift received from a Vendor in excess of the \$300 annual limit shall be immediately disclosed in writing to an Ethics Officer and appropriate corrective action shall be taken. Any Personal Entertainment provided to Directors or Immediate Family Member in excess of the annual \$500 limit shall be immediately reported in writing to an Ethics Officer and appropriate corrective action shall be taken. The Substantial Gift or Personal Entertainment limit does not apply to a Director who receives the gift or entertainment from the Member institution of which the Director serves as a director or officer.

Directors shall not provide gifts or any business entertainment, including the buying of meals (regardless of value) to any federal banking examiner or other Executive branch official, including the Federal Housing Finance Agency directors and staff.

Directors shall not accept compensation for services performed for the Bank from any source other than the Bank for which the services are performed.

9. Employee, Director, and Advisory Council Member Dealings with Vendors

The Bank has established a Vendor Management and Procurement Policy and procedures that provides specific procedures for the acquisition of Bank consultants, supplies, equipment, etc. All Employees, Directors and Advisory Council members are expected to comply with the provisions of the Vendor Management and Procurement Policy and procedures and may not authorize any purchase that does not comply with said Policy and procedures and Bank authorizations.

Any Substantial Gift received from a Vendor in excess of the \$300 per Director, Employee, or Advisory Council member annual limit shall be immediately disclosed in writing to an Ethics Officer and appropriate corrective action shall be taken. Any Personal Entertainment provided to an Employee, Director or Advisory Council member in excess of the annual \$500 per individual per Vendor limit shall be immediately reported in writing to an Ethics Officer and appropriate corrective action shall be taken.

10. Financial Interests of Employees

Employees may have a Financial Interest in a Member only in limited circumstances that result from a previous employment relationship or an Immediate Family Member's employment relationship with a Member or other action that does not involve the traditional investment decision. This would include a Financial Interest in a Member that arises through 401(k) savings plans, employee stock ownership plans or ownership of shares or other investment units of one or more diversified mutual funds [as defined in section 5(a) and (b)(1) of the Investment Company Act of 1940, as amended, 15 U.S.C. 80a-5(a), (b)(1)] that have invested in the Member, so long as the Employee does not contribute to investment decisions of the fund.

To the extent that ownership or control of the Financial Interest was acquired prior to commencement of Bank employment, through a change in marital status, or through circumstances beyond the Employee's control (such as inheritance, gift or merger, acquisition or other change in corporate ownership), an Employee must make full, written disclosure to a Bank Ethics Officer within 30 days of beginning employment or acquiring the Financial Interest; provided, however, that if the Ethics Officer determines that a potential for a conflict of interest exists that would interfere with the Employee's discharge of the Employee's job responsibilities, the Ethics Officer may require the Employee to divest the stock. Alternatively, the Ethics Officer may require the Employee, if commercially feasible for the Bank given the Employee's job responsibilities, to recuse himself or herself from decision making and restrict access to examination reports or other confidential studies prepared concerning that Member.

Furthermore, an Employee may not have a direct (or indirect business interest through an Immediate Family Member) Financial Interest that may be reasonably interpreted to conflict or appear to conflict with the Employee's duties and responsibilities with the Bank.

11. Financial Relationships of Employees

A. Borrowing from Members

Borrowing from member institutions is permitted, provided that the loan is transacted in the ordinary course of business of the Member and on substantially the same terms, including fees, interest rates and collateral, as those prevailing at the time for comparable transactions by the Member with other customers. In addition, borrowing from a member is permitted only to the extent that the loan does not involve more than the normal risk or repayment or contain other unusual terms and conditions that increase the risk of loss to the Member.

B. Deposits

An Employee is not precluded from having other types of Financial Relationships with a Member such as checking accounts, NOW accounts, savings accounts, IRA or Keogh plans, pension or retirement plans, etc., provided that the Financial Relationship is transacted on the same terms and conditions as would be available to other customers of the Member.

C. On Behalf of Others

An Employee who is a general partner in a partnership, a director or an officer of a Company or a holder of a direct and/or indirect interest (including any interest of the Employee's Immediate Family Member) of 10 percent or more of the equity of a partnership of a Company may not participate in any negotiations, directly or indirectly, give any consent, or execute any documents in conjunction with a borrowing by the partnership or the Company from a Member.

D. Exceptions

Requests for exceptions to these provisions must be in writing and may be approved at the discretion of an Ethics Officer. A request for an exception should be submitted to an Ethics Officer, in writing, stating all relevant facts and giving reasons in support of the request. Any exception will be subject to the condition that the Employee obtains a "no special consideration statement" from the lending Member and to such other conditions as the Ethics Officer may determine are appropriate.

12. Preserving Confidential Information Provided to Employees, Directors or Advisory Council Members

During employment with the Bank, Employees may be given access to confidential, proprietary or sensitive information of the Bank, the FHFA, the Members, and individuals. Confidential information may include Bank examination reports and other information belonging to the FHFA, Member examination reports from their regulators, underwriting analysis, Member business information, as well as financial information about the Bank itself, Bank security, Bank personnel information, auditing procedures, and personal information of Members and their customers. Directors routinely are provided confidential information as a matter of course. Members of the Advisory Council may, from time to time, come in contact with confidential information.

Employees, Directors and members of the Advisory Council should use discretion when talking about work or service to the Bank to avoid compromising the Bank's position or the

confidence of its Members. In addition, care and attention should be given to any sensitive materials so that confidentiality is not inadvertently compromised or lost.

A. Casual Conversations

Even casual conversations held with acquaintances and family members can violate the duty of confidentiality. Even if an Employee, Director or member of the Affordable Housing Advisory Council understands that the conversation is confidential, the confidante may not understand the significance of a breach of that confidence. Even when no harm or criminal wrongdoing is intended, confidential information of the Bank that if communicated to anyone outside the Bank could be used to compromise the integrity of the Bank, the Federal Housing Finance Agency or the Members of the Bank System must remain confidential. When in doubt, Employees, Directors or members of the Advisory Council should always consider information learned at the Bank to be confidential unless informed otherwise. Employees, Directors and Advisory Council members should always use their best judgment and exercise personal responsibility in protecting information learned at the Bank.

B. Records and Documents

All Bank records and documents are for official purposes only and are confidential, unless expressly authorized by senior management for release. Employees, Directors and members of the Advisory Council may not conceal, alter, mutilate, obliterate, destroy, remove or attempt to remove records or documents from the Bank.

Bank records are maintained in accordance with the Bank's Record Retention Policy. Physical documents containing confidential information should be protected from unauthorized access through secured or locked storage when not in use and placed in locked containers for shredding when retention is no longer required.

All data or information stored or transmitted electronically is subject to the Enterprise Information Security Policy. Individuals handling data or information electronically should review and apply this guidance, and may contact the Bank's Chief Information Security Officer to ensure proper security procedures are being applied.

C. Proprietary Information

The Bank has an interest in maintaining sole control of proprietary information. This includes, without limitation, the Bank's business plans, customer borrowings, methods of doing business, products, services, computer software and models, computer databases, financial information, any other information having present or potential commercial value to the Bank and confidential information of any kind belonging to others but licensed or disclosed to the Bank for use in its business. Proprietary information may not be disclosed or used outside the Bank by any Employee, Director

or member of the Advisory Council without pre-approval by senior management or an Ethics Officer. Other restrictions are set forth in FHLBI's Disclosure Policy and Policy Prohibiting Insider Trading in Securities discussed in Sections 13 and 14 below. The duty to preserve proprietary information continues either during or following employment by, or service on behalf of, the Bank.

D. Lectures, Speeches and Manuscripts

Employees, Directors and members of the Affordable Housing Advisory Council may not use in any teaching, lecturing, speaking or writing engagement, information obtained through Bank employment or service without review and approval by senior management or an Ethics Officer, unless the information is obviously available to the general public.

E. Blogs, Social Media, and Other Internet Postings

The Bank does not restrict the right of Employees, Directors and Advisory Council members to create personal Web Logs ("Blogs"), or to participate in social media, provided that such activity is not done on Bank equipment and during Bank work hours. Further, any social media posts may not contain any confidential Bank information or other Bank-related material nonpublic information that could violate federal or state securities laws or privacy laws if disclosed. Those persons who maintain Blogs or otherwise post information on the Internet through various social media platforms are reminded that they should be clear that any opinions they express are their own, are not opinions of the Bank, and do not represent any official policy of the Bank. Further, if the Bank learns that an Employee, Director or Advisory Council member is posting false or misleading information, or is using the Internet to make derogatory or harassing comments about the Bank or any of its Employees, Directors, Advisory Council member, or Members of the Bank, such person shall be subject to disciplinary action, up to and including termination or removal from the Board or the Advisory Council.

F. Personal Information Security Breach

Access to Personal Information that is stored outside of the Bank (including data placed on portable computers, jump drives or other computer media) or data transmitted electronically should be protected by a complex password, and numbers should be encrypted or redacted. A security breach of personal information is the unauthorized acquisition of computerized data, or copy of such data, that compromises the security, confidentiality, or integrity of personal information included as part of the data.

Employees, Directors, and Advisory Council members must promptly advise an Ethics Officer, along with the Information Security Officer or Chief Information Officer (CIO), when a breach has occurred, is suspected, or is possible due to the loss of portable storage containing such information.

If the breach has resulted in or could result in identify theft, identity deception, or fraud, the effected individuals will be promptly notified and the FHLBI will seek to assist these individuals in preventing improper use of their personal information, in accordance with the state laws governing such security breaches.

13. Disclosure Policy

The Bank has adopted a Disclosure Policy with respect to when and by whom disclosures of material information about the Bank may be made, including disclosures that are required by law. The Disclosure Policy is enforced by the Disclosure Committee. The full text of the Disclosure Policy is attached to this Code of Conduct as Exhibit A and all Employees, Directors and Advisory Council members are advised to read and become familiar with all of the terms of the Policy and their responsibilities.
